Believe it or not, today we may be living in the most peaceful era of recorded history. Why? Steven Pinker's groundbreaking new book shows how societies are becoming progressively less violent, how and why violence declined in the West, and how the world is coming closer together. In his new book, Pinker explores the economic, political, moral, and religious trends that contribute to the peace of our time and explains how they shape our personal interactions. The lessons he draws are applicable to our personal lives as well as our political relations with others. Pinker's book is a landmark in the understanding of human nature and its influence on society.
